Catalog Affecting Credits and Graduation (Policy 3.32)

Each student's academic requirements are based on the catalog which is in force during the student's first semester at Glen Oaks Community College. Exceptions may be necessary when changes in certification or licensure standards mandate changes in academic requirements or in the college programs. The date of the catalog by which credits are checked for graduation may not be more than four years earlier than the date of the issuance of the degree. A student may not be checked by a catalog dated earlier than the time of entrance. Students may not use a combination of catalogs to graduate but must follow the degree requirements in one catalog. Students who do not enroll in courses for two consecutive years must fulfill the requirements of the catalog in force at the time of readmission or may elect a subsequent catalog. If a student's work is interrupted by military service, an extension of time of not more than six years will be allowed equal to the period of interruption.

Second Degrees

Second degrees will be awarded based on the catalog in effect at the time of enrollment in the new program and cannot be extended beyond four years. For a second associate's degree, a student must complete a minimum of 15 additional credit hours beyond the first degree at Glen Oaks and achieve a 2.0 grade point average for the additional credits.

It is required that these additional credits be planned and approved in writing through an advisor. The written approval of the additional 15 credits must be forwarded to the Registration Office in order to be considered for the awarding of the degree.

Second Certificates

Second or additional certificates will be evaluated based on the catalog in effect at the completion of the second certificate.
