# VISUAL ARTS: EMPHASIS IN COMMERCIAL PHOTOGRAPHY

The Associate of Arts in Visual Arts Degree with emphasis in Commercial Photography enables students to pursue a career or interest in Photography. The degree provides knowledge of the photographic process from creation to the output of the image. The degree provides practical experience in product, portrait, and location photography. There is additional emphasis on a broad academic base needed to inform the artistic process and lay the groundwork for further study. The degree prepares the student to transfer to a four year college, university, art school or to begin work in the field of commercial photography.

### **Program Outcomes**

- 1. Demonstrate critical thinking skills.
- 2. Demonstrate proficiency in the skills appropriate to the Visual Arts concentration they have selected.
- Complete research assignment, identifying art work, design trends or art periods. This research will demonstrate information literacy, the ability to find, retrieve and use data and draw appropriate conclusions.
- 4. Demonstrate the ability to critique and evaluate their own artwork and the artwork of others.
- Demonstrate the ability to learn and retain specific terminology related to the visual arts.
- Demonstrate an awareness of ethical behavior in the field of Visual Arts and Design, including an awareness of copyright and intellectual property concerns.
- 7. Demonstrate cultural awareness.
- 8. Demonstrate the ability to read, write and speak at a college level.
- 9. Demonstrate involvement in the community through service within the college and in the community at large.
