

# ASSOCIATE OF BUSINESS DEGREE

The Associate of Business Degree will give the students a core of business and general courses and is designed as a transfer degree for those individuals planning to acquire a bachelor's degree in business. It is designed to fulfill the Michigan Transfer Agreement (MTA) requirements while providing flexibility in preparing students for transfer. It is recommended that students work closely with a Glen Oaks Community College advisor and with an advisor from the college or university of their choice to ensure transferability of courses.
